The principles under which grants of lands have been sanctioned by other governments are described in the Act order of March 1878. The same principles are recognized in the Act under so far as I can see, I think these applications deserve encouragement - This application for Kaweri land was however late and must fail unless it can be proved that it was not used with the knowledge of the Diwan, and it must be an object of our aim that the cultivators should be eventually settled as agriculturists. I do not know if it is right that this land should be given as an endowment to these approvers - I make these observations with reference to Mr Talents statement that "we shall be able to settle some families on them or have them cultivated

meagre resources of the Mission have been drained to the utmost. He further represents that owing to the marked increase of population & the unproductiveness or the unhealthiness of the locality allotted by Govt, the pecuniary difficulties of the mission are not yet at an end, that these allotments of lands have proved insufficient for the Sustenance of these families, & that moreover there are now about 200 orphans to be Settled shortly by marriage. Under the circumstances he asks for a grant of 200 acres of lands under the Cauvery Channels in order to Settle the above said 200 families & employ them in the Cultivation of the Soil —

Note.

The Dy Commr ~~gives~~ enters in the Statement ⊗ Rs as the probable receipts from Land, and cites Govt Orr: No. 619-6/491 ⊗ 14.3.1334 as the authority for the grant of these Lands, while the area actually Sanctioned therein is only 150-38 acres at Rs. 297-6-3. In addition to this another 40-30 guntas of land was Sanctioned in Proc: No Camp: 2190 ⊗ 31.12.87 Thus, the Dy Commr does not quote. The total extent as reported by the Dy Commr is in excess of the total area Sanctioned in the above Proc: by 40-9.

In the Velamangalam Taluk there is another ~~village~~ village named "Siloo-veipuram" established in 1878. There are 218 applicants in it and the lands allotted therefor are:— 269-338.

The lands which had been granted to the Shimoga orphanage are stated to have been resigned in 1888 on account of insalubrity.

May it please Your Excellency

I have been thinking for some time past of addressing Your Excellency on a matter of vital importance affecting a large number of Orphans and Children on my hands, for whose maintenance and settlement in life the Mission has of late been unable to make adequate provision for sheer want of funds.

There are at present ten Orphanages belonging to the R.C. Bishopric of Mysore, to wit:-

so large as to enable me to arrange for the maintenance and comfort of such a vast number of Orphans; and as their num-bers are annually increasing, I feel myself constrained to approach Your Excellency with an appeal on their behalf which, I am sure will meet with a favourable response from Your wonted generosity.

It would indeed be an act of great Charity and of immense help to the Mission if Government be graciously pleased to make a grant of about two hundred acres of unoccupied land under the Cauvery channels in the Mysore District, on favourable rates of assessment. This would enable the Mission to obtain yearly a quantity of paddy which would go a great way i meet the maintenance expenses of our Orphanage.

I may here state for the information of Your Excellency hat we have already settled four hundred ad forty of the famine orphans in the villages of Somanhally, Silouvpouram

and in other places: in the accomplishment of which task our meagre resources have been drained to the utmost. But even in their case our pecuniary difficulties are not yet at an end, owing to the marked increase of population and to the unproductiveness or the unhealthiness of the locality allotted by Government. It has been remarked that not even in a single instance have these allotments proved sufficient for the sustenance of these families.

To the above reasons I may add that our inability of procuring more extensive or more valuable lands in the vicinity, leaves these poor Orphans in a state of misery and sufferings from want of the very means of livelihood. To relieve their distress I am driven to the necessity of establishing new settlements elsewhere.

Moreover there are now about two hundred Orphans in our establishments who have to be settled shortly by marriage, and I find it impossible to obtain the lands

required for them. Should the Government be
pleased to make a grant of some lands
under the Cauvery Channels, I would be
able to settle the above said two-hundred
families, and employ them in the Cultivation
of the soil.

I fully trust that Your Excellency
will take the case of these poor Orphans
into your benign consideration, and
extend to them a helping hand by
granting my humble request.

For which act of Charity and Bene-
volence the Mission, myself and my
Successors will for Ever feel grateful
and always and unceasingly pray for
the prosperity of the Royal House and
Government of Mysore.

I beg to say that I shall be grad
to place before Your Excellency further
informations concerning our Charitable
establishments, if it pleases you to favour

me with an interview, whenever convenient to you.

I have the honour to be

most obedient servant

SIR,

With reference to your docket dy of the 28th November 1893 forwarding for opinion the application of Reverend E. Louis Kleiner, Bishop of Elysore, for the grant on favorable rate of assessment, of 200 Acres of land under the Cauvery Channels for the support of the Roman Catholic Espiranages, I beg to state that it is hardly necessary to mention that the institutions in question afford relief to a fairly large number of destitute persons, and as such deserve consideration. I am not however, aware of similar institutions having been favored with free grants of lands on favorable rates of assessment excepting of course Hindu Churtrums and temples, Mahomedan Mosques and the (Grants of Minor Saints or Priests. In this connection, I may perhaps add that there are instances of grants of lands for small sums

Sir,

With reference to your application dated 27th December 1895 for the grant of about 200 acres of unoccupied land under the Canvery channels for the maintenance of the Roman Catholic orphanage in the Province, I am desired to request that you will be good enough to furnish the information required in the accompanying Statements marked A & B and State whether all the

orphans are to be employed
as agriculturists.

2. I am further to enquire whether the Sum of Rs. 48,000, which you say the Mission is spending every year on account of these orphanages, is spent in addition to the receipts from lands already granted by Govt.

I have &c

price of 50 Rupees per acre in the case of persons wanting them for the purpose of assignment to Hindu temples. The usual classes of cases quoted are, however, not analogous to the institution in question. If the Government are pleased to grant the prayer of the Reverend gentleman, lands are available under the Chamiari Channel. They may fetch from 250 to 300 Rupees per acre when sold.— The application above referred to is herewith returned.

To

General and Revenue Dept.

From

The Rev. A. M. Jubard,

Secretary to the R. C. Mission in Mysore.

Sir,

With reference to No. 6469 (50) dated a7134-95
14th January 1898 from the Secretary to the Govt. of Mysore, General and Revenue Dept., to the Rt. Rev. E. Louis Kleiner, Bishop of Mysore and to a letter from Mr. Thambiah Chetty to the same dated 2nd February 1898, a copy of which is appended marked A., I have the honour to forward you Statement B, as desired, and at the same time to submit the following observations for the kind consideration of Government.

(1) A difference will be noticed between the number of acres granted in the Dewan's Proceedings No. 2784-5 (32) dated 5th July 1881 and the 115 number acknowledged in Statement A. The reason of that difference is that about 151 acres were given back to Govt. as the land could not possibly cultivated.

(2) 45 acres are occupied by the farm of Silverpoora, the village Chapel and Cemetery and although repeated applications have been made to have the last removed they have always proved unsuccessful.

(3) There are in the same village 30 acres waste as wet land. But to cultivate them 2 tanks had to be repaired. The Govt. refusing to do it the Mission has had to undertake the necessary repairs at a cost of more than Rs. 3000/... Yet those

30 acres have now been assessed as wet-lands

(4) The nature of the lands granted is such that no one else would have undertaken to cultivate Our accepting them has therefore been a source of profit to Govt. as we have paid an assessment which otherwise would not have been paid.

(5) The same remark might apply to the lands granted in the Sattiemppa village as they had been abandoned on account of insalubrity.

(6) The lands in Sattiemppa are fertile but those of Kaskapura have yielded a crop only on an average of once in two years.

(7) The lands granted by Govt. having proved altogether insufficient the Mission has had to buy new lands in the above-named villages as well as in Taipalee and Soorpalee.

(8) The only grant which would have proved a real help was the one made by Govt. at Ossoor near Shimoga. There 1000 acres of very good land had been given with a very low assessment. But unfortunately it was so insalubrious that after 10 years of repeated attempts and by the advice of medical men we had to give up our Ossoor Agricultural Settlement.

From the above it will be seen

that Govt help seems to have been in-
adequate and we have made the
application dated 30th December 1895 (49/a)
in the hope that in the presence of
these facts Govt will be pleased to
aid us more effectually in our endeavour
to support so many orphans.

At the present day, as far as
Orphanages go, the R. C. Mission in Mysore
stands thus:-

1111 Orphans - Europeans, Eurasians
and Natives to support with an annual
income derived from lands granted by
Govt, of Rs 2700 and Rs 2190 from Munici-
pal contribution; giving for 1111 orphans
a total annual income of Rs 4890/-.

Now putting at Rs 4/- monthly
what is necessary to support one orphan
we arrive at a total expenditure of Rs 53,328/-
per annum of which the R. C. Mission
has to bear an exorbitant portion,
viz: Rs 48,438/-.

If, as we earnestly trust, the
200 acres of land as specified in our

application dated 30th December 1895
are granted free and with as low
an assessment as practicable we shall
be able to settle several families
on them or have them cultivated
in some other way in order to have
a certain income wherewith to sup-
port our numerous orphans.

It is needless to add that
every part of the income so derived
will be necessary for the Orphanages
and will not therefore be applied
towards any other branch of Mission
work.

Awaiting a favourable reply
I beg to remain,
Sir,

Sir,

Referring to your letter No 11814
B.F. 134-95
dated 17th June 1898 I am directed by His Lordship
the Bishop of Mysore to reply as follows:-

1. In a first letter dated 30/12/95 we applied
for Lands under the new Inducts channel.
2. We never received any answer till the
18/1/98 and then the lands had been sold.
3. In a new letter dated 10/2/98 we explained
what the R.C. Mission had done for the orphans
and we pointed out by figures that it had
received hardly any support from Govern-
ment.
4. Now on inspection it is found that the
lands offered to us are only those which have
not yet sold. They are scattered about and
situated in different Talugs and to make
any problematical profit out of them the
Mission would have to spend large sums
when it is not in a position to do so.
5. Under those circumstances our accepting
those lands instead of being any help to us
only be a gain to Government who would
by that means get the full assessment, whe-
otherwise it will probably never get it.
6. His Lordship the Bishop expresses then a hope
Govt will reconsider my letter of the 10/2/98 and
help the R.C. Mission to support so many
Orphans either by the Grant of a substantial
sum of money or by grant of lands under
other channels, lands which should be compact
together thereby proving a real source of income
instead of a burden requiring large sums in the
shape of advances.

I remain, Sir,
Your obedient

5th Sept 1898.
